Reviews

Merely no terms to spell out. We have read through and i also am confident that i will gonna read yet again again in the future. You will not sense monotony at anytime of your own time (that's what catalogs are for about should you question me).

(Pasquale Larkin I)

BEWILDERING BEASTIES (PAPERBACK)

Dover Publications Inc., United States, 1996. Paperback. Condition: New. Language: English . Brand New Book. For this irresistible collection of outrageous visual puns, artist Derek Pell has imaginatively embroidered upon the physical features of familiar animals to produce a mutated menagerie of impossible creatures. Included are the bald eargull, displaying the head of the national bird and a body comprised of a huge human ear; a beebra (a zebra with bee s wings); a concadillo, combining the aspects of a conch and yes an armadillo; as well as such absurdities as an eelbarrow from Wheeling, West Virginia; a lighthouse fly from Beacon Hill; a prayhound from Holy Toledo, Ohio; a toot owl from Whistler, Illinois; a vampire brat from Fangor, Maine; and a whelk from Lawrence, Kansas in all, 60 rib-tickling whatchamacallits. For those puzzlists unable to determine the names of creatures from their pictures, an identifying label is printed upside down beneath each illustration.
