Colleges and universities Eleventh Five-Year Plan textbooks: Engineering Thermodynamics(Chinese Edition)

By WANG RUI PING

paperback. Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback. Pub Date: 2009 08 Pages: 238 Language: Chinese in Publisher: Northwestern University Press. colleges Eleventh Five-Year Plan materials: engineering thermodynamics basic concepts of thermodynamics. the thermodynamic properties of the gas and thermodynamic processes. thermodynamics a law. the second law of thermodynamics. the compressor works. water vapor. moist air. the flow of gas and steam power cycle. refrigeration cycle. the basis of chemical thermodynamics solution thermodynamic basis. Contents: second thermodynamic state of the first chapter of the first thermal system of the basic concepts of thermodynamics and its basic state parameters in section V. section VI of the thermodynamic cycle three section III. a state of equilibrium. the equation of state the fourth quarter of quasi-static process reversible process The basic heat transfer thinking the Questions Question Chapter II gas real gas and ideal gas of the thermodynamic properties and thermodynamic process Section 1 Section 2 ideal gas equation of state for the third quarter of an ideal gas thermodynamic properties section IV of the ideal gas mixture ideal gas Section V thermodynamic processes Section VI the exam exercises Chapter...

Reviews

It becomes an incredible book that we actually have possibly study. It really is rally exciting throgh studying period of time. I am very easily could get a satisfaction of reading through a written book.

-- **Gianni Hoppe**

A really awesome pdf with perfect and lucid reasons. It is actually rally fascinating throgh reading period of time. Your lifestyle period will probably be transform as soon as you total looking over this ebook.
