This book usually ship within 10-15 business days and we will endeavor to dispatch orders quicker than this where possible. Brand New Book. Coming out of civil war, Mozambique had an enormous education deficit. In 199, five years after the peace treaty, 80 percent of the labor force reported to have no education at all, and school enrollment outside the large cities was miserable. Since then, Mozambique has come a long way in improving access to lower and upper primary through sustained investments in education infrastructure and introduction of important reforms. The primary education reform programs implemented in 2004, combined with a continuing program of school construction and teacher training, resulted in a 70 increase in enrollment in EP1 over 4 years with the highest gains for the poorest and most vulnerable children. Yet there was only a slight increase in student/teacher ratios. How did Mozambique do this, and what are the lessons going forward? The most important part of the reform appears to be the removal of the national school fee for primary level and the provision of free textbooks. These reforms provided the boost that poorer households needed to get their children in school. Continued investments in school construction helped as well. However, despite these efforts, there is still an education deficit. In 2008, over 1 million children who should be attending primary school were not. Over half of the children who began grade 1 in 2000 did not complete grade 7 by 2008. One reason is that school costs remain high, especially for grades 6 and above (EP2+). And quality is still not adequate in many schools. As a result, the transformation of the labor force is slow, as over half of the females...
